

ELECTRONIC FUND TRANSFER AGREEMENT AND DISCLOSURE

The following contains an agreement and disclosures relating to Electronic Fund Transfers (EFT) on your deposit Account. The EFT services we offer are set forth below and while some may not apply to your Account, please read this Agreement carefully because it tells you your rights and obligations for those EFT transactions which are applicable to your Account. You should retain this notice for future reference.

RESPONSIBILITY FOR EFT TRANSACTIONS: DEFINITIONS

You are responsible for all authorized electronic fund transfers that occur through the use of your access device which Financial Institution will issue to you. You authorize Financial Institution to charge to your accounts all authorized electronic fund transfers, including, but not limited to, electronic fund transfers resulting from preauthorized transfers, use of your access device, or other EFT transactions described herein. In this document, the following words have the following meanings: the words "Depositor," "you," and "your" mean the owners/authorized signers of the Account named in the Signature Card; the words "Financial Institution," "we," "us" and "our" mean the Financial Institution named in the Signature Card; the word "access device" means both the personal identification number (PIN) and/or your automated teller machine (ATM) card or other debit card given to you for use in accessing the Account; the word "Account" means the deposit account with the Financial Institution created under the Signature Card; the word "Signature Card" means the Signature Card and Deposit Agreement you signed when these disclosures were given to you; and the word "Agreement" means this Electronic Fund Transfers Agreement and Disclosure. Other EFT transactions may include: (i) a transfer resulting from you providing a check to a merchant or other payee to capture the routing, account and serial numbers to initiate the transfer (commonly referred to as "electronic check conversions") whether you, the payee or the Financial Institution retains the check; (ii) a payment made by a bill payment service via computer or other electronic means, unless all payments under the service are made solely by check, draft or similar paper instrument drawn on your Account; (iii) any fee authorized by you to be debited electronically from your Account because a check was returned for insufficient funds; (iv) a transfer you initiate by telephone if the Financial Institution has a written plan or agreement allowing transfers to be initiated by telephone; and (v) any other transfer initiated through an electronic terminal, telephone, computer, or magnetic tape for the purpose of ordering, instructing, or authorizing the Financial Institution to debit or credit your Account.

LIABILITY FOR UNAUTHORIZED USE

CONTACT US AT ONCE if you believe your access device has been lost or stolen or if you believe an EFT has been made without your permission using information from your check. For additional instructions see the Error Resolution provisions included in this Agreement. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your Account (plus your maximum overdraft line of credit or overdraft privilege/protection amount, if any). If you tell us within 2 business days after you learn of the loss or theft of your access device, you can lose no more than \$50 if someone used your access device without your permission. If you do NOT tell us within 2 business days after you learn of the loss or theft of your access device, and we can prove we could have stopped someone from using your access device without your permission if you had told us, you could lose as much as \$500.00.

Also, if your statement shows transfers that you did not make, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time. If a good reason such as an extended trip or hospitalization prevented you from telling us, we will extend the time periods.

- ☐ Visa®: Notify us immediately if your card is lost, stolen or fraudulently used. You will not be held liable for unauthorized transactions processed through the Visa network unless you have been negligent, engaged in fraud or participated in the transaction.
- ☒ Mastercard®: Promptly notify us of a loss or theft or if you suspect unauthorized activity. You will not be held liable if you have used reasonable care in protecting your card from the risk of loss or theft.

If you believe your access device has been stolen or that someone has or may transfer money from your Account without your permission, call: EFT Error Resolution- (903) 872-8333

or write: City National Bank
P.O. Box 1798
Corsicana, TX 75151

You should also call the number or write to the address above if you believe a transfer has been made using the information from your check without your permission.

For the purpose of these disclosures, our business days are Monday through Friday.
Holidays: ☐ are ☒ are not included.

TYPES OF TRANSFERS AND LIMITATIONS

You may authorize a third party to initiate one-time or recurring payments to/from your Account via one of the various payment networks. The third party will require you to provide your Account number and our routing transit number, both of which can be found on your checks or your debit card information. We recommend providing this information only to a trusted entity to which you are granting authorization to transact on your Account. You are responsible for notifying an authorized third party if your Account is closed or your debit card number or expiration date has changed, if applicable. These types of transactions may include, but are not limited to:

PREAUTHORIZED TRANSACTIONS WITH THIRD PARTIES

FOREIGN TRANSACTIONS: A Foreign Transaction fee is a fee that may be assessed for a transaction that occurs outside of the United States, even if the transaction is processed in U.S. Currency. For transactions conducted in a foreign currency, the transaction will be converted to U.S. Dollars by the network processing the transaction in accordance with operating rules or conversion procedures in effect at the time the transaction is processed. The exchange rate used may be based on either a rate selected by the processor from the range of rates available in wholesale currency markets or a rate mandated by the government that issues or controls the currency. The rate may differ from the exchange rate the network receives and may be determined on the processing date rather than date of the actual transaction. The ATM owner and/or networks processing the transactions may assess additional fees, which will appear on your statement as "cross border fee," "foreign transaction fee," or other similar labels. We: ☐ will charge a _____ of \$ _____ or _____ % for each foreign transaction.

☒ will not charge a fee for a foreign transaction.

AUTHORIZATIONS AND HOLDS

When you use your card at a merchant location to obtain goods, services or cash, the merchant may ask us to authorize the amount of the transaction. When we authorize a transaction, we may place a hold on the funds. Sometimes a merchant requesting authorization will not know the exact amount of the transaction (for example car rental, hotel, etc.) and the hold we place will be less than or greater than the transaction amount. The transaction will be processed from your Account when the merchant sends it to us, regardless of whether the amount differs or the hold has expired.

DOCUMENTATION

You can get a receipt at the time you make any transfer greater than \$15.00 to or from your Account using one of our electronic terminals.

If you have made arrangements to have DIRECT DEPOSITS made to your Account at least once every 60 days from the same entity or person, you can call us at 903-872-8333 to find out whether or not the deposit has been made.

You will get a _____ Monthly account statement unless there are no transfers in a particular month. In any case you will get the statement at least quarterly. If you have a passbook account where the only possible electronic fund transfers are preauthorized credits, and you bring your passbook to us, we will record any electronic deposits that were made to your Account since the last time you brought in your passbook.

CONFIDENTIALITY

We will on occasion DISCLOSE INFORMATION TO THIRD PARTIES about your Account or the transfers you make: (1) If you have given us written permission to do so, (2) In order to comply with a Government agency or court order, (3) Where it is necessary for completing the transfer, (4) As necessary to verify the existence and condition of your Account to a credit bureau or merchant, (5) As permitted by the Federal Right to Financial Privacy Act of 1978 and the Federal Fair Credit Reporting Act and other applicable federal and state laws and regulations.

STOP PAYMENT PROCEDURES

If you have previously instructed us to make regular payments out of your Account, you can stop any of these payments. To stop a payment: Call or write us at the telephone number or address listed in this disclosure in time for us to receive your request at least 3 business days or more before the payment is scheduled to be made. You may call, but we may still request that you write us within 14 days of the call. Each stop payment order given will result in charge as disclosed on the Schedule of Fees and Charges.

If regular payments you make will vary in amount, the person to whom you are making the payments will notify you at least 10 days in advance of each payment, when it will be made and in what amount. (At your option, you may request this information only when the payment would differ by more than a certain amount from the previous payment, or when the amount would fall outside certain limits that you set.)

If we fail to stop a payment or preauthorized transfer and you have notified us 3 business days or more before the transfer is scheduled, we will be liable for your losses or damages.

LIABILITY

If we FAIL TO COMPLETE A TRANSFER to or from your Account on time or in the correct amount according to our agreement with you, we will be liable for your losses or damages with some exceptions. We will not be liable, for instance: (1) If, through no fault of ours, you do not have enough money in your Account to make the transfer or if the transfer would exceed the credit limit on your overdraft line, if any, (2) If the money in your Account is subject to legal process or other encumbrances restricting the transfer, (3) If the terminal where you are making the EFT does not have enough cash, (4) If extenuating circumstances prevent the transfer, despite reasonable precautions we have taken, (5) If the terminal or system was not working properly and you knew about the breakdown when you started the EFT, or (6) If incomplete or inaccurate information is forwarded by the United States Treasury or through an automated clearing house.

ERROR RESOLUTION

IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC TRANSFERS telephone us or write us at the number or address listed in this disclosure as soon as possible, if you think your statement or receipts are wrong or if you need more information about a transfer listed on the statement or your receipt. We must hear from you no later than 60 days after we sent the FIRST statement on which the error or problem appeared. You should:

- (1) Tell us your name and account number (if any).
- (2) Describe the error or transfer in question, and explain as clearly as you can why you believe it is an error or why you need more information.
- (3) Tell us the dollar amount of the suspected error.

If you tell us orally, we may require that you send us your complaint or question in writing within 10 business days. We will determine whether an error occurred within 10 business days (20 business days if the error involves an EFT made during the first 30 days after the first deposit to the Account was made) after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a point-of-sale transaction, a foreign initiated transfer or an EFT made during the first 30 days after the first deposit to the Account was made) to investigate your complaint or question. If we decide to do this we will credit your Account within 10 business days (20 business days if the error involves an EFT made during the first 30 days after the first deposit to the Account was made) for the amount you think is in error, so that you will have the use of money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your Account.

We will tell you the results within 3 business days after completing our investigation. If we decide that there was no error, we will send you a written explanation. You may ask for copies of the documents that we used in our investigation.

AMENDMENT OR CANCELLATION

AMENDMENT: If we make a change to this Agreement that results in increased fees or charges, increased liability to you, fewer types of available electronic fund transfers, or stricter limitation on the frequency or dollar amount of transfers, we will mail or deliver a written notice to you at least 21 days prior to the effective date of the change. However, if an immediate change in terms and conditions is necessary to maintain or restore the security of an account or EFT system, we may not provide advance notice. If we make such a change permanent and disclosure of the change would not jeopardize security, we may notify you on or with the next regularly scheduled periodic statement or within 30 days of making the change permanent. Your continued use of EFT services after such notice constitutes your acceptance of the changes.

CANCELLATION: We may, without prior notice, cancel your card and/or this Agreement at any time. You will be liable for any amount owed us at the time of such cancellation. You may cancel your card at any time by notifying us at the telephone number and/or address included in this disclosure. If you fail to notify us and someone uses your card, you may be liable. If you cancel your card, please ☐ return it to us ☒ destroy it. If the Account tied to the access device is closed, the device will also be closed.

OTHER RULES APPLYING TO ELECTRONIC TRANSFERS

Department of Banking
(609) 292-7272
City National Bank
1465 W. 2nd Avenue
Corsicana, TX 75110
(903) 872-8333

More detailed information is available on request.

Under MASTERCARD's Zero Liability Policy, unless you are negligent or engage in fraud, you will not be liable for unauthorized charges if your debit card is lost, stolen, or fraudulently used. This policy does not apply to ATM transactions, PIN transactions not processed by MASTERCARD, or certain commercial card transactions. You must notify us promptly of any unauthorized use in accordance with the Error Resolution section of this agreement. We will determine whether an error occurred within 5 business days for the amount in question, so that you have use of the funds during our investigation. MASTERCARD is a registered trademark of MASTERCARD International, Inc.

Additional Safety Precautions: Keep your card in a safety envelope to avoid undetected and unauthorized scanning. Never give your card number or PIN to anyone over the internet, unless it is a trusted merchant and the transaction is initiated by you. To protect against internet fraud, if purchasing online with your card, you should log out of the website after the transaction is complete.

SAFETY PRECAUTIONS

For your safety, please remember the following tips when you use any Automatic Teller Machine (ATM), particularly after dark:

- Park in or near a well-lighted area. If the view of the ATM is obscured by trees or shrubs, choose another ATM.
- Observe the area for suspicious persons or activity, preferably from your car, before beginning your transaction.
- If you see anyone or anything suspicious, you may choose to use another ATM or delay your transaction.
- If using a drive through machine, lock the doors and roll up the other windows.
- Have someone accompany you.
- Get your card out and have it in hand, ready to use prior to approaching the ATM.
- Visually inspect the ATM for evidence of tampering or skimming devices. Do not use the machine if it looks damaged or if the card slot is loose or appears to have extra pieces.
- Shield the key pad from view (using your body or other hand) so no one can see your PIN.
- Never make a display of your cash. Pocket your card and cash quickly and count it later in a safe place.
- Never leave a receipt or transaction record behind.
- Cancel your transaction, remove your card and leave the area immediately, even in the middle of a transaction, if you become concerned for your safety.
- Report any suspicious activity or crime to the ATM operator or local law enforcement as soon as possible.

Remember to protect your card and PIN:

- Keep your card in a safe place, protect it in the same manner as you would cash, credit cards or checks.
- Do not reveal your PIN to any person not authorized by you to use the ATM Card and don't write the PIN on the ATM Card or on any item kept with the ATM Card.
- Never give your card number or PIN to anyone over the telephone. If a caller requesting this information identifies themselves as your Bank or the police do not give them the information. Verify the correct phone number using a trusted source and call them back. Notify the police if the call is not legitimate.
- Don't leave your card in your car (even if it is locked), on your desk at work or lying around the house.
- Always make sure your card is returned to you at the conclusion of each transaction.
- Notify your bank immediately if you cannot locate your card.
